

## TRADE BOARDS PLAN PROMOTE COMMERCE BETWEEN THE NATIONS

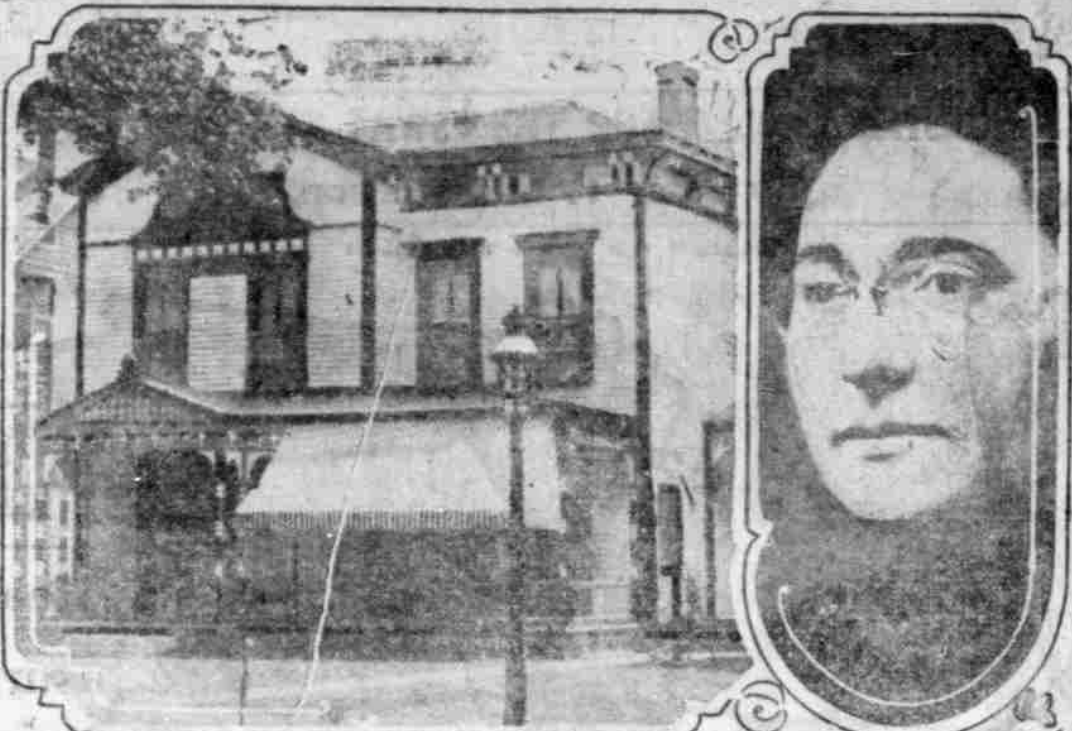

International Congress of  
Chambers of Commerce  
Scheduled for Bos-  
ton September 24

BOSTON, Mass., July 24.—The committees of the Boston Chamber of Commerce in charge of the details of the preparations for the Fifth International Congress of Chambers of Commerce to be held here September 24 to 28, are hard at work carrying out the ambitious plans arranged for that gathering. The coming congress will be the first one of its kind ever held in the United States and the Boston Chamber of Commerce, fully recognizing the obligations which this compliment to Boston by the Chambers of Commerce of the world has placed upon its shoulders, is making the most energetic efforts to make the congress a success.

The International Congress of Chambers of Commerce and Industrial and Commercial associations is an organization representing the business men of the entire world. Its purpose is to facilitate the commercial intercourse of nations and to promote cordial relations between them. The recommendations decided upon by the vote of the delegates are carried out by a permanent committee, the headquarters of which are at Brussels, and which keeps in close touch with the constituent organizations and also with the government of all nations. Practically all important chambers of commerce of the world are represented in the congress and at the present time forty-five American commercial bodies are affiliated with the international organization.

The permanent committee in Brussels is at present considering the recommendations and suggestions of subjects for the consideration by the coming congress, which have been sent in by the program committee of the various nations. The American program committee, of which Prof. F. W. Taussig, of Harvard University, known throughout the world as an authority upon economics, is chairman, has submitted a number of important suggestions, many of which will probably be incorporated in the official program. The subjects especially to be considered by the international congress include the plan to establish a permanent court of arbitration; the unification of legislation relating to checks; international postal reform; the establishment of an international Bureau of Statistics; a program for an international maritime union; regulation of exhibitions; an international agreement between banks of issue, and pos-

## MRS. MARSHALL IS TAKING A DEEP INTEREST IN POLITICS THESE DAYS AND ADMITS SHE'D LIKE TO LIVE IN WASHINGTON

Home of Thomas R. Marshall in Indianapolis, and Mrs. Marshall.

Indianapolis, Ind., July 24.—Governor Thomas R. Marshall, democratic nominee for the vice-presidency, and his wife live in a \$65-a-month cottage in this city. As might be imagined, their home is by no means an elaborate affair. But then, the Marshalls are democratic in all things. The governor carries Jeffersonian simplicity even to the extent of riding to and from the state house in a street car.

Before her marriage to Mr. Marshall in his fortieth year, Mrs. Marshall was Miss Lola I. Kinsey of Angola, Ind. The union has often been referred to as an idealistic happy one. When two or three years back Governor Marshall was invited to make the trip with President Taft from St. Louis to New Orleans as a guest of the Deep Waterways association, he respectfully declined. During the fourteen years of their wedded life,

he explained, he and Mrs. Marshall had never been separated—the governor, living with him and his wife in a small cottage in the city. Mrs. Marshall is taking deeper interest in politics than usual in this year. She has admitted to some of her friends that she wouldn't mind spending the next four years at Washington.

ably a resolution looking to the suppression of measures taken against foreign merchants because of their religion.

The honorary American committee of the congress, of which President Taft is chairman, includes the diplomatic representatives of many nations, the friends of the principal commercial organizations of the United States and many of the leading businessmen of America. The most elaborate plans have been prepared for the entertainment of the visiting delegates. The Boston Chamber of Commerce has arranged for special steamer transportation to Boston. One hundred berths have been reserved for delegates to the congress on the steamship St. Louis, sailing from Southampton and Cherbourg on September 14, and twenty-five berths on the steamship Krootland, sailing from Antwerp and Dover on the same day.

It is planned that at the close of the congress the delegates will be taken from Great Britain, or a number of them who wish to avail themselves of that opportunity, shall be taken in a special train on a tour of the leading commercial and industrial centers of the United States. The chambers of commerce and other commercial organizations in the cities to be visited by the delegates are already preparing for the reception and entertainment of the visitors.

BALTIMORE, Md., July 24.—Many letters and telegraphic messages of congratulation were received at the archiepiscopal residence in this city during the last few days for Cardinal Gibbons who is seventy-eight years of age today. In accordance with his custom during recent years his Eminence is spending his vacation with friends in the vicinity of New York.

GEORGIA PROGRESSIVES ACTIVE

ATLANTA, Ga., July 24.—Tomorrow is the day set for the holding of a state convention of Roosevelt republicans of Georgia in this city. The convention will elect delegates to the national convention of the progressive party in Chicago and formulate plans for the campaign in Georgia.

PROGRESSIVES IN MARYLAND

BALTIMORE, Md., July 24.—Leaders of the Roosevelt movement here arranged for a state convention of the progressive party to be held in this city tomorrow to select the Maryland delegates to the Chicago convention.

THE ROOSEVELT FOLLOWERS IN NEW YORK WILL PUT UP AN ENTIRE STATE TICKET.

At the recent republican state convention the more practical men read out of the party. Timothy Woodruff, who was formerly one of the big guns in the republican organization, will follow Roosevelt.

William H. Hotchkiss, another prominent New York republican and insurance commissioner under Gov. Hughes, has announced his allegiance to the third party. William L. Ward, who worked so hard for Roosevelt at the Chicago convention, says he will stick to the old organization. Wm. Pendergast, comptroller of New York City, who was in charge of the Roosevelt nomination speech at the Chicago convention, may be the new party's candidate for governor.

Milk Milk.

There is a tradition of a little slum boy from London who was very disappointed with the country, where he went for a short holiday, because he saw them "pump milk from a dirty old cow." The boy's idea of artificial milk is within realization, for, according to "L'Opinion," after manufactured butter we are to have artificial milk. It is already consumed extensively in China, and a mill is to be set up in France. The Chinese drop a few grains of powder into water, stir it, and it becomes milk. The powder in the soap has produced, and the French milk is to be made so as to be sold in packets. It is said that an excellent cheese is obtained by the same process.—London Globe.

## CONVENTION CALL

Tucson, Ariz., July 18, 1912.  
TO THE PEOPLE OF THE STATE OF ARIZONA, without regard to past political difference, who, through repeated betrayals, realize that today the power of the political bosses and the privileged interests behind them is so strong in the two old parties that no helpful movement in the real interest of our country can come out of either:

Who recognize that the time has come for a National Progressive movement on non-sectional lines, that the people may be served in sincerity and truth by an organization untrammelled by obligations to interests which conflict with the public welfare, a Progressive party which shall teach and demand the return to and enforcement of the principles of Government as taught and practiced by Thomas Jefferson and Abraham Lincoln.

Who believe in the right and capacity of the people to rule themselves, and effectively to control the agencies of their government, and who hold that only through social and industrial justice thus secured can honest property and permanent protection.

To all in accordance with these views a call is hereby issued under the provisions of the call of the National Progressive Movement for the holding of a State Convention to meet at Ten O'clock A. As time does not permit for the holding of primaries, delegates to the said State Convention shall be chosen in the several counties by mass meetings or by such other methods as shall best serve to express the will of the people on Saturday, July 27th, 1912.

The number of delegates by Counties which each County shall be entitled to send to the said State Convention, based upon one delegate for each three hundred votes or major fraction thereof cast for all candidates for Governor in the State election held in 1911, is as follows, to-wit:

## STUDENTS TO HAVE AMERICAN EVENING

PHOENIX, July 24.—One of the most interesting features of the convention of the international students' association which is in session here at present and is largely attended by students from many parts of the world will be the "American Evening" to be held tomorrow night at the Heidelberg restaurant, the historic scene of many students' reunions in this city in past years. Professor Wilhelm Paszkowsky, who made a record lecturing tour of the American universities some time ago, will speak of his impressions of America, though, he frankly owns, his observations were made chiefly from an observation car. The number of American students attending this convention is unusually large.
